Open-Ended Questions

16. African Americans are 22 percent of Delaware's population and 51 percent of our prison population. What should the General Assembly do to reduce the racial disparities at various stages of our criminal process?

The General Assembly can work towards reducing racial disparities by implementing oversight boards and bail reform as addressed above. Those two steps alone could make a tremendous impact in racial disparities and positively affect many Delaware families. We should also find ways to strengthen families and unite communities. Though not a complete fix this would be a step in the right direction.

17. The average length of stay in prison in Delaware is 50 percent longer than the national average. Will you pledge to advocate for the elimination of all mandatory minimum sentences? Please give a yes or no answer and any explanation you think is necessary. If there are mandatory minimums you support, please identify them specifically.

Without further research and evaluation, I cannot speak to any mandatory minimums that I would or would not support. It is clear that prison reform is long overdue and I will pledge to be a persistent and effective voice on this issue.

18. Do you support legislation and appropriation of funds requiring the collection, analysis and publication of statistical data in order to track prosecutorial decisions, evaluate the effectiveness policies and assess racial bias in the criminal justice system? Please give a yes or no answer and any explanation you think is necessary.

Yes, I would be in support of legislation and funds for this charge. This is a pressing issue for our communities and I believe we have to have the best information to craft the best solution.

19. Other than gun control legislation. how can Delaware fight our gun violence problem? Are there specific proposals that you would offer as a member of the General Assembly to reduce gun violence in the state?

In addition to legislation, we also need to address a broken mental health system and realize its relationship to gun violence.

20. Do you support diversion for people accused of some violent crimes such as offensive touching and assault in the third degree?

I am in support of diversion programs for some crimes as outlined above.
